Update from 'Northern Lights' 'R' family

"Summer and Fall have been filled with strategic activities among our people group. Our family and our team have continued to run medical projects throughout the countryside and have accessed hundreds of people from six different villages with the Good News, yet the iron fist of Islam still clinches the hearts of the people. We are sharing in the sufferings of a spiritually oppressed people as we hear stories of ritualism enslaving them to a life of no peace, hopelessness of improving the situation of this life, and a fatalist view of what is to come.

Much of our access and focus had been among women. All of us identify with women in many ways, yet these women are oppressed and hurting. They love their families, they love their children, but they experience spiritual, emotional, and physical sickness due to their cultural practices and core beliefs.

Through our project, we strive to be salt and light and show the love of Jesus as we meet many physical needs. As a team, we have visited many patients in their homes. We are intentional to look for bridges to the gospel at every house visit and sometimes are shut down instantly. Other times, we are able to share the full story and are invited back to share more.

Pray that God would make himself known to the B people. Ask that He would demonstrate His power through miraculous healings, dreams, and visions. Pray that He would reveal the truth of Jesus that overcomes the lies of Islam. Pray that our team would have the stamina to work with the difficult distances we travel through the desert."

We'd love to pray for you! Update our online prayer chain by going to easthaven.org. Click *resources*, then *prayer*. Click on *share your prayer request* and fill out the form.
